Specifically, your duties would consist of;

- You help and think along with the further development of the software;
- You contribute to new features within the system;
- Bug fixes in the system;
- It is important to us that you can develop yourself in what you would like to learn, a suitable assignment will be found for this
- Making the FiveX users happy;

YOU HAVE/ARE..

- .. HBO student in the direction of ICT or software development;
- .. independent, curious and can bear your own responsibilities;
- .. familiar with the languages HTML, CSS, PHP and Java script;
- .. have an eye for software design;
- .. a hands-on mentality, taking initiative, can do mentality
- .. finds it important to make a valuable contribution within a start-up environment;

WHAT DO WE OFFER?

- A cozy and informal working environment in cool Amsterdam
- A challenging position at a start-up where you can learn a lot and contribute to FiveX with unique opportunities and growth opportunities Flexible working hours
- A cool office with sports facilities and roof terrace
- A good salary and travel allowance
- Very nice BBQs and drinks together with your colleagues!

ABOUT US..

With FiveX we are building a platform to enable online retailers to see all the insights of the business. With years of experience, the vision has arisen to launch FiveX and to help entrepreneurs achieve 5X more results from their business. Through the right methods, systems, mindset and expertise, our customers will achieve more success!
